“ *My deepest condolences to family and friends. I have not seen Mickey in numerous years. We were in Autauga County High School together back in the day. Mickey was a great guy, friendly to everyone. His smile was a welcomed sight. Steve Drinkard*

“ Mickey and I started a fire service job at GE Plastics plant in Burkville Al. and recruited the GE employees to make Emergency Response Team (ERT), where he acted as Fire Chief and I worked as the assistant Chief.

We had a lot of fun working together daily. Before going to GE, we both worked at Prattville Fire Department. During our time together, I knew Mickey's family, because he would talk about them often to me. The one thing that I will always remember about Mickey, is after Dot and Heather would come home from summer vacation, he would get back to work and put his arm next to my arm and always...say Brother from another Mother, and begin smiling. I will always LOVE you brother. Van Averhart
