“ Kathy was a very special lady to so many of us who worked at Union Camp/International Paper. Her smile was contagious and she played an important part in getting the word out about retirees breakfast and who was sick as well as remembering those who had passed away. And now we have the opportunity to remember her in a special and caring way. She will always be a special memory of a special friend. May God continue to surround her family with His love.
With sympathy and friendship,
