My fondest childhood memories are playing with my best friends- Gail and Susie Lee. We always had fun and laughter when we were together playing with our Barbie dolls, playing house, having spend the night parties, swimming and sharing school happenings. Even at a very early age, Susie was musically talented and could play the piano beautifully long before she could read music. She grew into an amazing and accomplished woman who made a difference with her life. She will be remembered and missed by all who were blessed to have known her. My prayers are with Gail, and Susie's family.

Gail, Michael David and Wayne, I wanted to be with you today, but circumstances didn't allow. Susie has reachd out to us (Marjories's daugthers) through Facebook and visits and had made contacts for family reunion addresses for July. Her death is a shock to us. I kept Susie as a baby for Aunt Lois to have a surgery. Susie must have been only a few months old and was a happy baby, not a minutes problem caring for her. Our oldest son, Tim was born in 1952 and would have been a child for her to play with during that time. Please know that my heart is broken in hearing of her death. God bless you and your family, with love, your "oldest" J. H. Countryman cousin, Jackie Joyner Skipper.

Susan was the most uniquely extraordinary person I've ever know. The music in Heaven is so much better now!

She taught our daughter and was a very sweet lady at Wetumpka High School. She even had fond memories after our children graduated and wished them well recently when they got married. We are so sorry for the loss of her for her family. She was a very sweet lady and I am sure she is going to be missed by all of them. You and your family will be in our prayers during this time.

To all of Susan's family I miss her so much. I remember her encouraging me and helping me whenever I sang a solo she was right there with me and helping by playing along. Never a discouraging word. She did the same for our son Phillip and his writing. We would have so much fun after choir practices chatting outside the church . And always in your home. I was so glad to find her again online and we continued our friendship. My love to you all. God bless you.
