“ *I remember her as she was, beautiful outside and inside and always full of love. She would ALWAYS have a kind word for me whenever I saw her. I loved Michele!*

She worked hard to make learning important and fun for her students. Michele liked to introduce new ways of learning by being eager to use the latest technology. I remember many things she bought for her class including responders and the OSMO system. She was brave and didn't mind helping her kids out with new learning devices. As the librarian, I appreciated it when she came to me to request particular books for her students to use. I enjoyed our trip to Birmingham going to the technology conference and having more time to spend with her.

She was a wonderfully considerate wife for her hard-working truck-driving husband who didn't have an easy schedule. She was a wonderful mother who raised two very intelligent, caring, considerate sons. We will all miss her. I have only good memories of this lovely lady. I am so sorry that she left us so early, but I am grateful to have known her.
With much love, Diane Seamon

“ To the Family of Michele -
Just wanted to let you know you all
are in our thoughts and prayers today
as you honor and remember your
Precious Michele . I know she not only
made a difference in adults lives but influenced
Children through her many years of teaching.
Her Grandpa Hughes and my Dad were brothers. Some of my
fondest memories of her
was at her Grandpa and Grandmother Hughes's house growing up.
She loved them so much.

“ *Michele was one of the sweetest, funniest, and most loving people that I have ever met. She truly was the best. Her loss is a tragedy and she will be greatly missed by so many... It was an absolute pleasure getting to know her over the past several years. I am so appreciative that I had the chance to be a small part of the awesome life and family that she and Mark have built. Mackenzie, Teddy, and myself will miss Aunt Chele dearly.*
