“ I had to go back and look at a photo that was in my scrap book when we were team mates on the 74 baseball at ACHS. I was a senior and Steve was a sophomore. Steve had a special way of making us laugh. Steve was one of the good guys back during our days, if you were down he always was there to lift you up. R.I.P. my friend, and we all know where you are right now, praising our Lord Jesus Christ.

Thank you for taking the time to write this Rick. It makes me smile to know that my dad never changed and made people laugh and smile even before he was my dad.

“ Ron and I are so sorry to hear of Steve's passing. We both were classmates of Steve's as well as graduating together in 1976. Steve and I had a few college classes at Troy State Montgomery. He never lost that charm or his big smile. He will be sorely missed by everyone fortunate enough to have called him friend. RIP Steve.....

“ We are deeply saddened to hear about Steve. He was a long time co-worker and a dear friend of mine. We always cut up about Alabama football, and he always had people laughing with his sense of humor. I will never forget that smile. He will be greatly missed,
With all our love,

I will so miss Steve. I came to work this morning looking for him to come to my door so we could talk about the football games this past week-end, then I was told the tragic news- he would not be coming around to talk about the games anymore. But I guess i don't have to worry about him turning my auburn signs up side down any more. I will miss him talking about those babies he was so so proud of and showing pictures. And I don't say this lightly, and only for Steve-ROLL TIDE ROLL! (WDE!) I will miss you my buddy.

Thank you for writing this Kim. You writing about his smile makes me smile. He was a great dad and friend. It was tough to be sad around him. He had a way to make you smile even if you did not feel like smiling. I love that you considered him a co-worker and friend. And I am glad that you knew my dad very well. We are very lucky to have had him in our lives.
