“ Really struggling here. After working for this great guy for over 30 years he was like a father figure to me and the values in life I learned from him both professionally and personally are priceless. To most he may have seemed rough around the edges but had the biggest heart of anyone and helped so many behind the scenes without putting his name on it. We lost a great one and I will miss him dearly. RIP Boss!!!

“ *Mr. Billy is and always will be one of my most favorite people to ever walk this Earth and I miss him terribly already. He always made me laugh, tried his best to teach me to stand up for myself, told the best stories and helped me and my family more than I could ever put into words. There is no man who will ever compare to him. He had a heart of gold and a genuine soul and this world feels colder without him here. I love you Mr. Billy and thank you for the time I got to spend with you💙*

To his family, my heart goes out to all of you and I pray for comfort for you all, during this tragic time.
